Clothes Shopping

Hands down the best way to shop for new clothes is consignment. It is truly guilt free shopping. The clothes are saved from going to the landfill and you sleep soundly because your voting dollars are re-invested back into our local community. Neat!

Don't forget this is not a linear shopping experience, it is cyclical, come in to buy something new and drop off something old, overall you could break even!

Robes and Relics - Located just off Whyte Ave, Robes and Relics offers quality consignment clothing and accessories for bargain shoppers. Its exterior may look a bit funk and retro, but the items they carry are similar to what you would find at any shopping mall, only for about half the retail price.

Located at 8210 104 St NW Edmonton (780) 435-0655
